

LAURA TRONCHIN

FULL STACK DEVELOPER

Berlin, Germany | 015238568354 | tronchinlaura@gmail.com | linkedin.com/in/laura-tronchin | github.com/lauratro

PROFESSIONAL SUMMARY

Full Stack Developer with 4+ years of experience building production web and mobile applications in complex product environments. Strong experience with React, TypeScript, scalable frontend architectures, API design, and backend integrations. Hands-on experience across frontend and backend systems using Scala, MongoDB, GraphQL, REST APIs, GitHub Actions, and Docker. Currently expanding backend expertise in Node.js, NestJS, and PostgreSQL through the development of a personal full-stack web application.

TECHNICAL SKILLS

Frontend: React, React Native, Vue.js, TypeScript, Tailwind CSS, PrimeReact, HTML, CSS

Backend & Data: Scala, Node.js, NestJS, MongoDB, PostgreSQL, GraphQL, REST APIs

Tools & Delivery: Git, GitHub Actions, Docker, CI/CD

PROFESSIONAL EXPERIENCE

Full Stack Developer | The Key Technology GmbH | Berlin | 07/2022 - 06/2026

- Developed and maintained scalable product features across 6 web applications and 2 mobile apps within a complex, interconnected software ecosystem.
- Built frontend functionality using React and React Native, translating product and business requirements into reliable, user-facing solutions.
- Designed and implemented APIs and data structures with MongoDB and GraphQL, including indexing, performance optimization, and migration strategies for existing data.
- Contributed to backend services and integrations, including Scala-based systems and internal/external API workflows supporting end-to-end product functionality.
- Improved maintainability and long-term scalability through refactoring, iterative enhancements, and technical ownership of interconnected applications.
- Built and optimized reusable UI components with strong attention to responsive design, usability, and consistent user experience.
- Implemented and maintained unit tests for backend components to improve reliability, code quality, and maintainability.
- Maintained and improved GitHub Actions CI/CD workflows, supporting automated deployments and release management for development and production environments.
- Collaborated closely with product stakeholders, clients, and cross-functional teams to define requirements and deliver practical technical solutions.

Frontend Web Developer Intern | Kooku Recruiting Partners | Berlin | 12/2021 - 05/2022

- Implemented the frontend interface of the company's application using Vue.js and Tailwind CSS.
- Collaborated closely with the design and backend teams in an agile environment.

Freelance Web Designer | Conjuero Digital Marketing Agency | Berlin | 09/2020 - 02/2021

- Developed and maintained company websites using WordPress and CSS.

Reservation Manager | Plus Hostel and Hotel | Berlin | 02/2019 - 01/2020

- Managed the booking software and supported community management.

Restaurant Supervisor & Service Staff | Weinwirtschaft at Akademie der Künste | Berlin | 03/2015 - 01/2019

- Provided customer service, handled cash transactions, and supported event coordination.
